RESIDENCY REQUIREMENTS OF THE STATE OF MISSISSIPPI AND THE BOONEVILLE SCHOOL DISTRICT

1. A copy of **two** of the following items of verification of residence is required to attend the Booneville School District. **No post office box address will be acceptable.** These items must reflect the residence street or road address and must be in the name of the legal guardian:
 - A. Filed homestead exemption application form
 - B. Mortgage documents or property deeds
 - C. Apartment or home lease
 - D. Utility bills
 - E. Automobile registration
 - F. Affidavit of residency or personal visit by school official
2. If you are the legal guardian of the student, you must also provide a copy of the court order appointing you as guardian.
3. Students living with adults other than the parents must provide:
 - A. Two of the items listed above and:
 - B. A sworn affidavit stating the relationship of the adult to the student and that the student is living in the home full time.
4. If your child fails to provide the necessary documentation, they will not be allowed to attend the Booneville School District.

Tuition

In order for a student living outside the Booneville School District to attend, the student must have a release from his/her home school district. Students living outside the Booneville School District must pay \$140.00 per year tuition. One-half of this amount is due upon registration, and the remainder of the balance is due by 4:00 p.m. on January 7, 2020.

Attendance

Good attendance with a minimum of tardiness and absenteeism is essential if students are to gain maximum benefit from the instructional program and attain high academic achievement. A student must be in attendance 63% of the day to be counted present for the full day (**this does not replace the perfect attendance policy**). **If your child must be absent from school, send a doctor/dentist excuse or note explaining why they were absent within 2 days in order for this absence to be excused.** In lieu of providing satisfactory documentation that the absence is a lawful absence, a maximum of eight (8) days per year will be accepted as an excused absence with a parent note. All additional absences require satisfactory documentation or satisfactory evidence that the absence is a lawful absence. **After two (2) days, the absence will be recorded as unexcused.** When a child collects five (5) unexcused absences, they will be turned in to the county truant officer.

Definition of an excused absence:

Ms Code 37-13-91

1. Attendance at an authorized school activity with prior approval from the superintendent or his designee (principal).
2. Illness or injury that prevents the student from being physically unable to attend school.
3. When the county health officer or the state board of health orders isolation.
4. Death or serious illness of a member of the immediate family, which included children, spouse, grandparents, brothers, sisters, stepbrother, and stepsisters.
5. A medical or dental appointment with prior approval from the school authorities.
6. Attendance at the proceedings of a court.
7. Observance of a religious event with prior approval from school authorities.
8. Other conditions sufficient to warrant non-attendance, with prior approval of school authorities.

No absence shall be excused when it is due to suspension, expulsion or other disciplinary action.

Perfect Attendance

Any student having perfect attendance at school on all legal days will receive a perfect attendance award from the district. **A student must attend 100% of the school day to be eligible for perfect attendance with NO checkouts or tardies.**

Steps to Follow When Absent

1. A written note/doctor/dentist statement shall be sent to the office. Students will have two (2) days to bring a note in order for the absence to be excused. **After two (2) days, the absence will be recorded as unexcused.** Remember, only eight (8) absences per year will be excused with a parent note-after those eight (8) days have been used, only doctor/dentist notes will be accepted as an excused absence. When a student collects five (5) unexcused absences, the student's name will be turned in to the county truant officer.
2. It is the responsibility of the student/parent to schedule any make-up work with the teacher. When the student is absent, you may call the office and request the student's work for that day. The work can be picked up at the office after 2:00 p.m.
3. All make-up work must be completed within (2) two days.
4. Make-up work/tests can be made up at these times:
 - A. Before school - 7:30-8:00 a.m.
 - B. During PE/Recess/Art/Library/Computer
 - C. At a time convenient for the teacher

Early Arrivals

Students shall not arrive at school before 7:25 a.m. The safety and security of our children is our top priority. **Faculty and staff supervision begins at 7:25 each morning.** Please make other arrangements if you need your child taken care of before 7:25 a.m.

Student Tardiness

Students are expected to be in class on time. It is very disruptive to instruction for students to come into class after instruction has started. Please help us to provide quality instruction by having your child to school on time. **Students arriving at school after the 8:00 a.m. bell rings are considered tardy. The parent/person bringing the student must accompany the student to the school office to complete a tardy form.** The signature of the person bringing the student will be required. A copy will be sent with the student to give to the teacher, a copy will be given to the person bringing the student, and the office will keep a copy.

Early Check Out

Students leaving school before 3:00 p.m. must be checked out through the office. Only individuals listed on the registration form are allowed to sign out the student. Please limit early checkouts.

Textbooks are furnished by the state of Mississippi. The condition of the book issued to a student is checked at the time it is issued and at the close of the school year. Students must choose a minimum of three of the five items for the lunch to be eligible for reimbursement and three of the four for a breakfast plate to be reimbursable.

In order to eat breakfast, a student must be at school no later than 7:35 a.m. Students must be finished and in their classroom by 7:55 a.m.

We encourage parents to deposit money into their child's meal account for the week or month. Student prices for meals are: Breakfast- \$1.00 (full price) and \$.30 (reduced). Lunch- \$2.75 (full price) and \$.40 (reduced). Adult meals are \$1.70 for breakfast and \$3.50 for lunch.

Parents will be contacted if student does not have lunch money. **Please remember to pay for your child's lunch in advance (by the week or month).**

Cafeteria Charge Policy

We understand the importance of every child being able to have proper nutrition in order to maintain a healthy lifestyle. Our district also has a fiduciary duty to use our resources in an effective, efficient manner. Because of this responsibility, the following policy will be in effect:

All parents must fill out a Free/Reduced Meal application in order for their student(s) to be eligible for exemptions and field trips.

IF A PARENT OWES BETWEEN \$25-\$99, HE OR SHE WILL LOSE ACTIVE PARENT ACCESS. IF A PARENT OWES \$100 OR MORE, A COLLECTION AGENCY WILL BE SECURED.

THE SCHOOL BOARD RESERVES THE RIGHT TO RE-VISIT THIS POLICY AS NEEDED.

Counselor Services

The elementary guidance program provides students with a sense of belonging, self-respect, and emotional security. It helps to provide a school environment in which effective learning and appropriate behavior exist. The guidance counselor is a helping friend and an essential part of the educational program that is available to students, parents, and teachers on a continuing basis. Students are encouraged to see their counselor at any time a need arises.

Timber Hill Services

Timber Hills offers their services to students that are Medicaid recipients. Services include doctor's visits, medication refill help, and counseling. If you are interested in these services, contact the school office at 728-5465.

Dress Code

Student Dress Code

Evidence suggests that a definite correlation exists between good dress habits, good work habits, and proper school behavior. Cleanliness, neatness, and appropriateness are the standards that should be observed by all students in their personal dress and grooming. Clothing and jewelry that could cause a disturbance or interfere with the instructional process will not be allowed. In addition, clothing and jewelry that could cause a safety or health hazard will not be allowed. School officials will determine the appropriateness of clothing and cleanliness.

GIRLS UNACCEPTABLE CLOTHING: shirts that show the stomach, tube tops, un-hemmed cut-off pants/shorts, tank tops, halter-tops, backless or low-cut tops and dresses, sagging pants (pants not worn at the waist), shorts, skirts, and dresses that are too short (teacher/principal discretion), pants/shorts with writing across the buttocks, see through clothing

3. Fighting
4. Hazing/initiation
5. Sexual harassment
6. Verbal, written, or physical threats against students, teachers, or administration

The six acts listed above are considered serious disciplinary problems. After school, officials conduct an investigation, which may include requiring the student to display items at his access or in his possession; disciplinary action will result in suspension from school. This suspension may be in effect until appropriate school board action is taken. Local law enforcement officials will be notified if the need arises.

The following acts will result in appropriate disciplinary action:

1. Theft (less than \$100.00)
2. Minor damage to school property

15. Disruption of the educational process

Consequences for Disobeying Rules

Research shows that the most effective schools are those with a well-ordered environment and high academic expectations.

To achieve an effective educational environment, we prefer using positive reinforcement to maintain good behavior. Positive reinforcement is preferred as it builds and rewards a child's self-discipline. Oral and written praise from the teacher; assisting the teacher with classroom duties (handing out materials, operating the audio visual equipment, class runner, etc.); study time enrichment activities (educational games, free time, computer skills and activities, etc.); and appointment as an office runner are just a few of the ways we use positive reinforcement to develop self-discipline in our students. However, we will use other forms of discipline to ensure good conduct. These other forms of discipline will include, but are not limited to, corporal punishment, suspension, removal from the classroom, sitting out of recess/PE/break, in-school detention (ISD), parent contact, teacher-student conference, student-counselor conference, and any other appropriate disciplinary actions determined by the administration.

Section 37-11-57 amended in 2019

A student with an Individualized Education Plan (IEP) or Section 504 Plan cannot be subject to corporal punishment.

Suspension, Expulsion or Alternative Placement of Students

The school superintendent, principal and school board shall have the authority to suspend or to expel a pupil or to change the placement of a pupil to the school district's alternative school for misconduct in the school or on school property, as defined in Section 37-11-29, on the road to and from school, or at any school-related activity or event, or for conduct occurring on property other than school property or other than at a school related activity or even when such conduct by a pupil in the determination of the superintendent or principal, renders that pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teachers of such class as a whole, or for any reason for which such pupil might be suspended dismissed or expelled by the school board. If the parent, guardian or other person having custody of any child shall feel aggrieved by the suspension or dismissal of that child, then such parent, guardian or other person shall have the right to a due process hearing. The parent or guardian of the child shall be advised of this right to a hearing and shall be provided the proper form for requesting such a hearing.

Sections 37-7-301, 37-9-71, and 37-13-92 amended in 2000.

Short-term placement (20 school days or less) at the alternative school can be assigned if deemed appropriate by the principal when all other forms of discipline have been exhausted.

Fighting at school or school events

Fighting at school or school related events will not be tolerated. Anyone fighting will be paddled or suspended from school for a minimum of three (3) days. A second fight may result in a ten-day suspension from school. A third fight may lead to expulsion and placement at alternative school. A student may be placed at alternative school on the first offense if the fight is considered violent enough or if the student refuses to stop fighting when the teacher(s) try to break it up.

Sexual Harassment (37-11-55)

Sexual harassment is a serious offense. Any student that considers him or herself to be sexually harassed should report this to a teacher, counselor or principal immediately.

Sexual Misconduct

The Booneville School District supports each student's right to be free from inappropriate sexual acts from staff or students at school or school functions. Inappropriate sexual acts include, but are not limited to those acts specifically defined as a crime pursuant to the Mississippi Code of 1972, as amended and federal law. Other sexual acts may also be inappropriate sexual acts, if they are of such nature that would reasonably offend the recipient of such act, considering the context of the act, the age of the students, the degree the recipient engaged in similar conduct, and other relevant factors in each case. MISSISSIPPI SCHOOL SAFETY ACT OF 2001

The school safety act of 2001 is cumulative and in addition to the school district's existing authority regarding discipline of students. Pursuant to the teacher as the authority in classroom matters regarding the school district's written discipline code of conduct.

In the event the teacher removes a student who, in the professional judgment of the teacher, is disrupting the learning environment, and the removal is approved by the principal or assistant principal, the student may not be returned to the classroom until a conference has been held with the student's parent, guardian or custodian. During the conference, the disruptive behavior will be discussed and agreements reached that no further disruption will be tolerated. The conference may be in person, by telephone, by e-mail or by other school policies and procedures.

Disruptive behavior is defined as the conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher's or school administrator's ability to communicate with the students in a classroom, with the student's ability to learn, or with the operation of a school or school-related activity and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant, or abusive language or action toward teachers or other school employees; defiance, ridicule or verbal attack of a teacher; and willful, deliberate and overt acts of disobedience of the directions of a teacher.

The term "habitually disruptive" refers to such actions of a student which cause disruption in a classroom, on school property or vehicles, or at a school-related activity on more than two occasions during a school year, and to disruptive behavior that was initiated, willful and overt on the part of the student and which required the attention of school personnel to deal with the disruption.

After the second instance of behavior that is determined by the principal or designated administrator to have seriously interfered with the school environment, the parents/guardians will be contacted to help develop a behavior modification plan for the student.

Booneville School District Bullying Policy

The Booneville School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct, in the determination of the school superintendent or principal, is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Booneville School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official or website.

The Booneville School District also recognizes the fundamental right of every student to take "reasonable actions" as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. The Booneville School District defines "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior.

The Booneville School District further recognizes the potential for false reports of bullying or harassing behavior. False allegations or reports of such behavior will not be tolerated by the District. If the Superintendent or Principal determines a student has made, or caused to be made, a false allegation or claim of bullying or harassing behavior, said student shall be subject to discipline by school employees and/or administrators.

Gifted Education Program

The Gifted Education Program is designed to meet the individual needs of gifted students and is in addition to and different from the regular program of instruction. “Intellectually gifted students” (grades 2-4) are those who are found to have an exceptionally high degree of intelligence as documented through the identification process. The referral process timeline is May 1 through September 1 of each year.

All students in first grade participate in an Ability Test Screener to determine the initial phase of the referral process. This screener is given in a large-group setting and scores are ranked to determine which students will continue in the process. For those students who score in the highest percentile on the screener, an Intelligence Test is given. If a student scores at or above the 90th percentile on the IQ test and meets other eligibility criteria in Leadership and Creativity checklists, then that student is eligible to participate in the Gifted Education Program.

Students in grades 2-4 may be referred by a teacher, parent, counselor, or administrator. Once the initial referral criteria are met, then the student will be given an individualized achievement test and, if warranted, an Intelligence Test. The student’s teacher will complete checklists for Leadership and Creativity criteria. If the student scores at or above the 90th percentile in all four measures, then he/she is eligible to participate in the Gifted Education Program.
